SUMMARY

UI/UX Designer with internship experience across web and app design – from Figma wireframes and prototypes to responsive, functional builds. Skilled in user research, usability testing, and translating requirements into accessible, user-friendly interfaces. UI/UX certified with a self-driven approach to independent design and development projects.

PROFESSIONAL EXPERIENCE

Duhzine IT Solutions Private Limited, UI/UX Design Intern

08/2026 – 09/2026 | Navalur, Chennai

- Delivered 3 design projects end-to-end in Figma – from early-stage research and wireframes to polished, production-ready UI – spanning an AI-based platform, app redesign, and 2 client websites applied user research findings to guide design decisions across all projects
- Redesigned and developed 2 client websites, translating Figma designs into responsive front-end using HTML, CSS, and JavaScript
- Presented 1 complete case study for the AI-based career guidance platform, covering research, design decisions, and outcomes

SKILLS

Design: UI/UX Design, Wireframing, Prototyping, User Research, Usability Testing, Responsive Design, Design Thinking, Visual Design, Accessibility

Tools: Figma, Adobe Photoshop

Development: HTML, CSS, JavaScript

Soft Skills: Communication, Empathy, Collaboration, Adaptability

EDUCATION

Bachelor of Engineering (B.E.) - Computer Science and Engineering

08/2023 – 05/2026 | Rasipuram

Muthayammal Engineering College

CGPA : 6.7/10

Diploma - Computer Science and Engineering

07/2020 – 04/2023 | Rasipuram

Muthayammal Polytechnic Institution

Percentage : 88%

PROJECTS

AI-Based Career Guidance & Skill Tracking System

09/2026 – 09/2026

- Conducted user research and defined the core problem statement for an AI-based career guidance and skill-tracking platform
- Designed 6 wireframes to map out career recommendation and skill-tracking user flows
- Created 6 polished high-fidelity UI screens in Figma based on the finalized wireframes
- Developed 1 business strategy framework to define the platform's value proposition and positioning

Instagram App Redesign

08/2026 – 08/2026

- Redesigned the Instagram app UI end-to-end in Figma, restructuring layout and navigation across 11 key screens
- Improved visual hierarchy and design consistency, applying UI best practices throughout
- Refined interaction patterns and screen flow to make content discovery more intuitive
- Enhanced overall user experience by simplifying navigation and streamlining key user actions

CERTIFICATES

UI/UX Design Certification

- Completed an 80-hour hands-on training program covering UI/UX design and web design
- Gained practical experience in user research, wireframing, and prototyping
- Applied design thinking and usability principles through hands-on exercises
- Practiced the end-to-end product design process using Figma
